REMARKS		

- 25X1 1. Twenty-five families with furniture arrived in NEUSTRELITZ (N 54/U 54) from RERIK (N 55/O 51). They said that they were to be accommodated there because RERIK was being evacuated by all civilians.
- 25X1 2. There was heavy flying at very high altitudes with speedy single-engine aircraft. They did not sound like jet aircraft.
- 25X1 Comment:
- 25X1 a. The information on the evacuation of RERIK by civilians confirms the statements of the same period of observation. The reason for the evacuation has not been learned.
- b. The flying activity over NEUSTRELITZ is possibly connected with the occupation of the LAERZ airfield by fighters in September 1949.
